

PART 1: BELIEVE

STEP 1: GETTING STARTED BY SETTING YOUR CORNERSTONE

Every building has a starting point where the first stone or stake is set in place. The rest of the structure is built around that one starting point.

In many buildings, that starting point is marked by a cornerstone.

The cornerstone of *Believe, Achieve, Live Life with Vision* is **TRUTH**.

Activity/Discussion:

Take this time to define **TRUTH** with your mentor.

Notes (defining TRUTH): _____

MENTOR'S NOTE:

Ask them what TRUTH means to them? What happens when they tell the TRUTH and what happens when they do not tell the TRUTH. Here is an example.

Many people would list friendships as one of the things in life that they value.

So let us ask the question, why is TRUTH the cornerstone of friendship?

One answer is that TRUTH builds trust – by telling the TRUTH your friends know that they can count on you. If you lied to your friends, then your friends would learn not to trust you, and they would go away. Friendships that do not use TRUTH as their cornerstone do not last very long.
